WADSWORTH HIGH SCHOOL

Behind the doors of Wadsworth High School is spent one of the most enjoyable periods of your life. Only one who has entered these doors knows what the building is really like. From the outside W. H. S. looks like a cold brick structure; but once you have entered the building and have become a part of it, you realize that it is very warm and alive.

Within this building you receive an education which prepares you either for college or for a vocation. The members of each graduating class that exits through the doors of W. H. S. are educated so that they will be more capable of handling the problems and challenges that they will have to face as citizens.

FOREWORD

To the students of Wadsworth High School the Annual Staff proudly presents the 1953 **Whisperer.** This year the doors of W. H. S. have been used as the theme of the yearbook. The doors to the auditorium, the gates at the football stadium, the doors to big study hall, the door to Mr. Work's office, classroom doors—these, to name a few, signify memories of many events to the students of W. H. S.

DEDICATION

Mr. Gordon Hildebrand

We, the Senior Class of 1953, proudly dedicate our 1953 **Whisperer** to Mr. Gordon Hildebrand.

Since coming to W. H. S. in September of 1946, Mr. Hildebrand has spent many hours patiently teaching each successive junior class the fundamentals of grammar and the background of American literature.

In addition to his duties as a teacher he also serves as advisor of the junior class. Each junior cabinet is deeply grateful for Mr. Hildebrand's wise and quiet guidance in planning the annual junior-senior banquet.

Mr. Hildebrand will always be remembered as the teacher who required several themes a year and the memorization of twenty lines of "Thanatopsis." Some will remember him as the teacher of a ninth period—detention hall.

We sincerely offer him our best wishes with appreciation of all the time and service he has given to our school.

BOARD OF EDUCATION

M. F. Yelinek, T. H. Ewing (President), S. E. Welty, D. O. Wearstler (Vice-President), J. S. Overholt.

These are the men who were elected by the people of Wadsworth to supervise the operation of the Wadsworth school system. Their duties include employing teachers, raising money, supervising the expenditures of tax money, planning school curriculum and determining school policies.

OFFICE STAFF

Beulah Good, Treva Booth, Bill Heyl.

Occasionally the students of W. H. S. see Mr. Heyl, who serves as clerk to the Board of Education. His job is an important one, because he records all the decisions reached by the Board, and is the purchasing agent for school supplies.

Miss Good, affectionately known to everyone as Beulah, is Mr. Work's faithful secretary. Every student attending W. H. S. meets Beulah at one time or another. If you need a tardy slip, an admit to class, or an aspirin for a headache, you are sent to Beulah. In a day she can be seen doing everything from mending skirts to checking attendance; but anything done by Beulah is always done with a sincere, honest smile, and with the satisfaction of having done something to help someone else.

Mrs. Booth acts as a part-time secretary for Mr. Burkholder. Her job is, at times, taken over by the girls in office practice class.

TEACHERS

It is a well-known fact that the duty of a teacher is to teach students the fundamentals of reading, writing, and mathematics. But the faculty of W. H. S. don't stop their work with the 3:30 dismissal bell. They use their free hours to act as advisors for all the clubs and classes. They have unending patience and tolerance. There is no doubt about it—the teachers at Wadsworth High School do an excellent job!

No student who has ever stayed for lunch can ever forget the wonderful meals prepared by Mrs. Kissling and her cooking staff. She always has an extra lunch, no matter who forgets to buy his lunch ticket.

The custodians are also essential to W. H. S. They are known by all the students as Bill, Charlie, Jim, and Pinky. No matter how often the waste basket is missed, the custodians always keep the floors and corners clear. Something that we'll always remember is the clever speech Charlie gave at the Republican rally during the mock election

Leaving W. H. S., we, the Class of 1953, wish to extend to the future graduates the happiness and joy that we, as a class, had behind the doors of W. H. S.

We will always remember the things we experienced while attending W. H. S.: the little things like the thrill we received in the seventh grade when we changed classes for the first time, and the superiority we felt as eighth graders—we were in the highest grade in junior high.

Then came the ninth grade. We moved down off the "shelf" and were permitted to sit in the lower auditorium. Remember all the new friends we made when the students from Centralized joined us? In our junior year the big event was the junior-senior banquet. We really slaved to make that a success.

And in our senior year everything was special and precious because we realized that this was to be our last year in Wadsworth High School.

As we leave, we take all these precious memories with us, knowing that high school is over, but that its memories will linger forever.

The members of the annual staff are the behind-the-scenes workers in producing the yearbook. Most of their work goes on behind the closed door of 207 under the guidance of Mr. Cooper. Their goal is to give the students of W. H. S. a good annual that is free from any errors. Besides the pride in a job well done, the staff benefits in learning about the process of putting out a book, and they soon learn to appreciate the work that goes into any printed article.

Sports, hi-lites, clubs, features, birthdays—all a part of life at Wadsworth High School—are printed weekly in the W. H. S. News and Views column of the local paper.

This year the club revised its organization by the addition of several new positions—news, features, and sports editors.

Editor Eileen and the club have done a fine job of recording the activities of W. H. S.

HARMONETTES

These nine girls are the recipients of the highest honor in vocal music a girl can receive at Wadsworth High—being selected as a Harmonette. Under the direction of Mr. Sears, they sing for many local organizations and for the school concerts. They also compete in the annual music contests which are held each spring.

BOYS' QUARTET

The newest vocal group in our music department is the Boys' Quartet. Mr. Sears originated this group late last year; however, they made their official debut at the Christmas assembly this year. These boys sing for local clubs and organizations, and plan to enter the district and state music contests held every spring.

It is hoped that this quartet will take the place among the boys that the Harmonettes has taken among the girls.

Girls' Glee Club is a vocal group composed of girls from grades nine through twelve. These girls perform at the concerts under the direction of Mr. Sears.

In class session they often sing in sextets or trios. This helps the girls to get over the self-consciousness of singing before an audience. Every girl who likes to sing receives much enjoyment from participating in Girls' Glee Club.

Boys' Glee Club is one of the vocal groups which perform at the vocal and mixed concerts that are put on each year by the music department.

The boys in this club receive a great deal of enjoyment from singing together.

They go on hikes and picnics, and have occasional parties at the home of their director and his wife, Mr. and Mrs. Kingsley Sears. At Christmas time the Boys' Glee Club goes around town caroling for the sick.

The Varsity Band is one of the best-known organizations in the high school. A half-time show is given by the band at all football games, both at home and away. A smaller group known as the "Pep" band is selected from the varsity band to play at all home basketball games. They also take part in two concerts during the year—the mixed concert and the all-instrumental concert.

"A Date With Judy," the all-school play, was the story of Judy Foster's attempts to raise money for the community relief fund and thereby be crowned queen of the dance.

Last year "Mr. Barry's Etchings" was the junior class play. It told the story of the trouble that the town artist, Judson Barry, ran into when he started printing his own money.

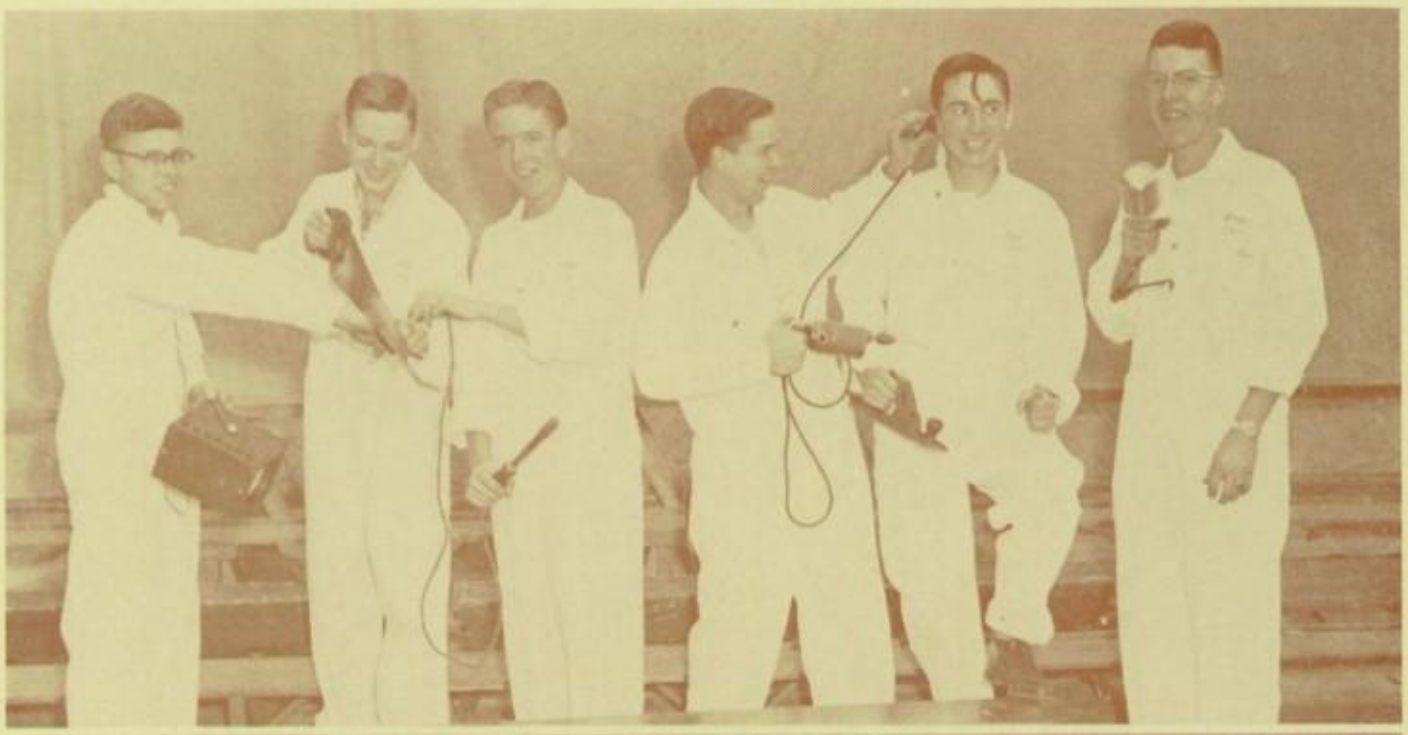
STAGE AND MAKE-UP CREWS



STAGE CREW

Houston, Everhard, Good, Turner, Campbell, Jankowski (Captain).

One of the fun-loving, hard-working groups of our school is the stage crew. These boys work behind the scenes of every play, assembly, and concert. It is up to the stage crew to see that the lighting is correct, that the stage curtains open and close at the right time, that the microphones are adjusted, and that the stage is set.

When everyone else has left the auditorium, the stage crew can be found taking down sets. When all their work is completed, the crew usually goes to the home of Mr. and Mrs. Sears for cokes and sloppy joes.

Mr. Sears is the faithful and patient advisor of the stage crew. He selects and instructs the crew and works with them.

MAKE-UP CREW

ROW 1: Schreiber, Motzko, Swagler, Marmaroff. ROW 2: Friedt, Christian, Arpad, Campbell, Harden, Campbell, D'Zurik, Dye (Captain).

The make-up crew adds the final touch to the truly professional character. Make-up helps to set the atmosphere of the theater world on the stage. The crew works with rouge, base, mascara, putty, and crepe hair, trying to create the character. Back of the curtain, with the stage crew and the cast of the play, you will find the make-up crew doing touch-up jobs throughout the play. With Miss King's professional guidance and assistance, the make-up crew does a wonderful job.

STUDENT COUNCIL

ROW 1: Trent, Ribar, Hodges, Gish, Tennant, Kindling, Janes, Kaufman, Leatherman. ROW 2: Christner, Weaver, Frase, Lecky, Dennison, Miller, Bailey, Kahl, Smith, Mr. Work. ROW 3: Hall, Wuchter, D'Zurik, Armstrong, Smith, Holland, Christian. ROW 4: Campbell, Elsass, Loparo, Springer, Kreider (President), Dressler, Mustric.

"Why can't students have pep rally seats?" "We want more assemblies!" "What can be done about school spirit?" These are only a few of the problems that the Student Council is confronted with at its weekly meetings.

Each Tuesday noon the council, consisting of two class representatives and a representative from each home room, meets behind the door of 312 where they talk over the many problems of school life and serve as the co-ordinator between the faculty and the students.

ROW 3: Olmsted, Brouse, Miller, Parkinson, Friedt, Dye, Friedt, Kreider (President). ROW 4: Arpad, Sohner, Hartzler, Christian, Williams, Norberg, Gaugler, Good. ROW 5: Thomas, Elsass, Campbell, Coolman, Heath, Weaver, Burns, Jankowski.

The National Forensic League is the high school speech organization. N. F. L. furnishes speakers for local clubs, announces the speakers at assemblies, and sponsors at least two assemblies of its own. This year the N. F. L. has undertaken the project of publicizing all the plays.

Members of N. F. L. participate in practice, district, state, and national speech tournaments. This was one of the greatest years in the history of the Wadsworth High School Chapter of N. F. L. The club received a trophy for having obtained the greatest number of points during the period from 1930 to 1952. The chapter was second highest in the entire nation in cumulative points.

PRINT SHOP

When play programs, tickets, tags, and pamphlets are needed, the print shop is called upon. These boys, under the guidance of Mr. Gerstenschlager, are at the service of the school whenever any organization wants printed material.

Each boy in the print shop takes his printing seriously, because in later years it may become his vocation. Since all work and no play makes Jack a dull boy, print shop takes time out for an occasional hayride or party.

MACHINE SHOP

ROW 1: Scheehle, Libert, Blyth, Ratta. ROW 2: Swigart, Kemmerer, Urmos, McGill, McCaman, Buckingham, Snyder, Kelly, Mr. Cramp (Instructor). ROW 3: Walls, Rasor, Westfall, Kelly, Polk, Buhite.

Machine shop, like print shop, is a vocational group that prepares the boys for a lifetime occupation.

The boys in machine shop are taught the fundamental operation, use, and care of various machines.

Each year a group of students is chosen by the faculty on the basis of scholarship, character, service, and leadership to form the Wadsworth Chapter of the National Honor Society. The neophytes must submit to an unusual informal initiation, after which they become official members of the society during a very impressive formal initiation. It is a distinct privilege to be a member of the National Honor Society.

HONORARY BUSINESS AND PROFESSIONAL WOMEN

ROW 1: Marjorie Wingire, Marilyn Kahl, Ann Kyle, Wanda Kuhn, Ruth Congrove, Jo Ann Welty, Norma Styer. ROW 2: Donna Dye, Mildred Shultz, Barbara Springer, Dolores Burbage, Peggy Ellebruck. ROW 3: Marilyn Wingire, Berniece Heath, Joyce Gibbs, Jayne Armstrong, Janice Christian.

A new group this year is the Honorary Business and Professional Women, which is similar to the Honorary Rotarians. Once a month two of these girls, chosen by the senior class, attended a meeting of the Business and Professional Women's Club. There they enjoyed a wonderful dinner and learned about the club, its services, purpose, and organization.

HONORARY ROTARIANS

ROW 1: Ramon Smith, Roger Prince, Jim Stronz, Ray Thomas, Howard Leatherman. ROW 2: Bill Elsass, Roger Dressler, Sidney Kreider, Philip Loparo.

This year, as in past years, the Wadsworth Rotary Club invited senior boys to attend their meetings as Honorary Rotarians. Nine boys were chosen by popular vote of the senior class. Each had the honor of attending the Rotary meetings for the month to which he was assigned. Every Tuesday Mr. Sears accompanied him to the meeting which was held at the Methodist Church.

While attending these meetings, the boys made many new friends, enjoyed wonderful meals, and heard excellent speakers. It is indeed an honor to be an Honorary Rotarian.

Hi-Y sponsors the annual Hog Rassel and the bonfire held each fall at the stadium. At Christmas time the club mend toys to be given to unfortunate children.

This club, which is affiliated with the Medina County Y. M. C. A., performs many useful services to the school and the community.

BUCKEYE STATE

Every individual who has ever attended Girls' State has an idea of how an ideal government should be run. The girls run for offices, have gigantic campaigns with big rallys and political speeches. The election is climaxed at the middle of the week by the inaugural banquet where the governor is installed.

After the officers are elected, the girls carry out their individual duties. The entire grounds is considered as one state and is run as such. Each day the girls hear speakers who give them definite ideas as to what good government really is.

One outstanding feature of Girls' State is the spirit of friendliness which prevails everywhere. Many lasting friendships are gained through living and working together.

Boys' State is conducted essentially in the same manner as Girls' State.

Because of unfortunate circumstances Boys' State could not be held in 1952. To compensate the boys for missing the experience, a gift of luggage was presented to each of them.

WORLD AFFAIRS INSTITUTE

A junior boy and girl are chosen by the Rotary Club and sent each year to represent Wadsworth High School at the World Affairs Institute in Cincinnati.

This convention is held to further youth's knowledge of problems and affairs of the world. Representatives from high schools in Ohio, Indiana, and Kentucky meet each year for a two-day convention.

During this time many famous speakers give their points of view on a prescheduled topic. Tours of various businesses, delicious food, dancing, accommodations at the beautiful Netherland Plaza Hotel, and the opportunity of meeting so many new people are only a few of the attractions offered. It is an unforgettable experience.

The cheerleaders are always on the job, cheering the team on—win or lose—with their "pep! steam! fight! team!"

From the practice field and the sidelines the W. H. S. coaching staff give the team the incentive to win by their patient and skillful guidance in all fields of athletics.

VARSITY FOOTBALL RECORD

The 1952 football season was, without a doubt, a very successful one. According to the records it is the best season since 1946.

The team scored 225 points during the year, breaking all previous records for W. H. S. The season record was five wins, three losses, and one tie.

THE WADSWORTH BRICK & TILE CO.

VARSITY BASKETBALL

W. H. S. can be justly proud of its basketball team. After losing the first four games of the season, the varsity team began a winning streak which was not to be stopped until the close of the season. The total number of games won was 15. Never in the history of W. H. S. basketball has a team won so many consecutive games as our team did this year. The team scored a total of 1352 points, compared with 1131 scored by their opponents. This is a record number of points to be scored in a single year.

In tournament play at Kent, Wadsworth returned victorious after defeating their first opponent, St. Vincent, 57-50. During this game Tom Marrin broke the all-time tournament record by scoring 30 points. The second game was lost to Cuyahoga Falls by a 59-45 margin.

They also played a total of 19 games, losing 15 and winning only 4. The team showed marked improvement as the season progressed; and the members of this team will, in the next several years, become the polished players of which a varsity team is composed.

ALMA MATER

Have you ever wondered about the history of the school song of Wadsworth High School—how it was written, why it was written, when it was written? Last fall the annual staff was curious to find the answers to these questions, and eager to make the information known to the students of W. H. S. in the **Whisperer;** so the search for information began. The staff members have pieced together the bits of information that they found and have discovered that our school song has quite an interesting history.

The music was written in 1933 by Gloria Lester, who was then a senior at W. H. S. At that time, it was the custom for one of the seniors to write a class song. The music, with different words, was originally meant for that purpose.

Three years later, in 1936, Mr. E. K. Bennett, the band and orchestra director, suggested that W. H. S. have a school song. He sponsored a contest among the students in which they were to write new words to Gloria Lester's music. Among others, Magel Williams submitted an entry in the contest, and she was declared the winner. The words that we sing today were written by her.

For several years the **Alma Mater** was used only for special occasions. Then in 1941 a copy of the original manuscript made its first appearance in the **Whisperer.** This original version was used until 1946, when Mr. Kingsley Sears arranged it for four-part singing. Since then the alma mater song has become an important part of each event at W. H. S.

Yes, our **Alma Mater** is truly a school song, for it was written by two students of our school. The seniors join all the alumni of Wadsworth High School in singing the words, "To you, Alma Mater, we always will remain so true. . . . ."
